OUTREACH COVERAGE 2022-2023

CHAIRPERSON'S MESSAGE

Dear Supporters and Partners

Greetings,

I hope this message finds you in best health and spirits and you all had a wonderful 2023. I am delighted to share with you the remarkable accomplishments that the SKZ Foundation achieved in 2022 and 2023. These two years been filled with significant milestones, impactful initiatives, and inspiring collaborations that have propelled our mission forward.

"In the slums, I found hunger not just for food but for hope and understanding, with no knowledge of religion and life. This inspired me to combine sustenance with education and spiritual insight." It was my dream to provide education to the children living in slums, and it all began with a humble tent setup. By the grace of Allah SWT, our schools now serve over 500 students, empowering them with knowledge and opportunities for a brighter future.

In the realm of education, we successfully launched several new programs aimed at enhancing access to quality education for underserved communities. Through strategic partnerships with local schools and organizations, we were able to reach more students than ever before, providing them with resources, mentorship, and opportunities for academic growth.

Our efforts in environmental conservation have also yielded remarkable results. Through tree-planting campaigns, waste management initiatives, and community awareness programs, we have made tangible strides in promoting sustainability and protecting our planet for future generations. Furthermore, our healthcare initiatives have had a profound impact on improving access to healthcare services in remote and disadvantaged areas. By arranging medical camps, providing essential medical supplies, and conducting health education workshops, we have made a difference in the lives of countless individuals, ensuring they receive the care they need.

None of these achievements would have been possible without the unwavering support of our dedicated team members, volunteers, donors, and partners. Your commitment and passion have been the driving force behind our success, and we are profoundly grateful for your continued support.

As we reflect on the accomplishments of 2022 and 2023, we are energized and inspired to continue our efforts in creating positive change in the world. Together, we will build on these achievements and strive to make an even greater impact in the years to come.

Thank you for your unwavering dedication to the mission and vision of the SKZ Foundation. With your continued support, we look forward to reaching new heights and creating a brighter future for all. I wish you a happy and prosperous year ahead.

Stay safe

PATRON'S MESSAGE

Dear Supporters and Partners

Warm greetings to each of you. I trust this message finds you well and in good spirits as we embark on another year of meaningful work together. Looking back on the past two years with the SKZ Foundation fills my heart with immense pride and gratitude. It's been an incredible journey, one that started with a simple introduction from a friend, leading me to witness the profound impact we've made in the lives of those less fortunate.

Understanding the history of our organization—from teaching kids in a makeshift tent to now teaching hundreds of students in remote locations and container-based school—strongly emphasizes the value of tenacity and commitment. It's a testament to what can be achieved when passion meets purpose. As someone who is deeply rooted in the field of radiology, joining the SKZ Foundation has been a profound experience. Witnessing firsthand the transformative power of education, especially in underserved communities, has been nothing short of inspiring. In the UK, where I lead the SKZ Foundation chapter, our progress has been commendable. Educating over a hundred children from slums and remote areas reflects our commitment to ensuring every child has access to quality education, regardless of their circumstances. Our partnerships and innovative programs have been instrumental in expanding our reach and impact. From environmental conservation efforts to bridging gaps in healthcare access, each initiative has been driven by the belief that together we can create positive change. I must express my heartfelt gratitude to our dedicated team members, volunteers, donors, and partners. Your unwavering support fuels our mission and empowers us to continue making a difference in the world. I feel a sense of determination and hope as we look to the future. Together, let us continue to build upon our achievements and strive for an even greater impact in the years to come. Thank you for your commitment to the SKZ Foundation's vision and mission. With your continued support, I am confident we will reach new heights and brighten the lives of many more individuals in need. I wish you all a year filled with joy, prosperity, and fulfillment.

INTRODUCTION OF SKZ

In Pakistan, a significant part of our population, faces daily challenges in slums, where access to basic necessities is a daily struggle. With 20 million of the population residing in slums, countless families face challenges ranging from inadequate housing to limited access to healthcare and education. Alarming statistics according to a PIDE study report reveals that Pakistan has the world's second-highest number of out-of-school children with about 26 million children aged five to sixteen not attending school in the country. At SKZ Foundation, we're on a mission to change this narrative.

In 2017, the journey of SKZ Foundation began with a humble initiative—a small hut where slum children were given the gift of education. This grassroots effort quickly gained momentum, resonating with the shared vision of providing quality education to underserved communities. However, in 2020, the journey faced an unexpected obstacle with the onset of the COVID-19 pandemic, disrupting the regular operations. Despite the challenges, SKZ Foundation remained resilient and in March 2021,

a significant milestone was achieved, the establishment of first SKZ Model School in Sabzazar Lahore. This resilient initiative provided a beacon of hope during challenging times, offering quality education to children in a structured and safe environment. The success of the SKZ Model School fueled the foundation's commitment to extending its impact.

In the same year, SKZ Foundation expanded its

reach to the picturesque landscapes of Gilgit Baltistan Thamacho, establishing a school to bring education closer to deserving communi-

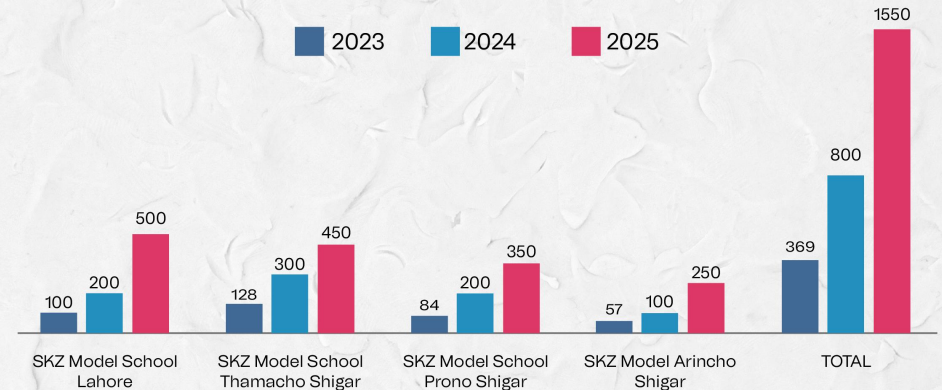

ties. The commitment continued to grow in 2022 with the establishment of schools in Arnicho and Prono GB, marking milestones in SKZ Foundation's mission to bridge educational gaps and uplift communities. These schools are currently providing education to more than 500

deserving students.

As SKZ Foundation forges ahead, the vision remains clear: to transform lives through education and create lasting impacts in communities that need it most. The journey, born in a simple hut, has evolved into a network of schools, symbolizing the foundation's dedication to building a brighter future for children in every corner of the country.

Save a life, save humanity

Health is not merely the absence of illness but a comprehensive state of physical, mental, and social well-being that empowers individuals to lead productive and fulfilling lives. Approximately half of Pakistan's population lacks access to essential health services. In response to this pressing issue, the SKZ Foundation has organized numerous health and awareness camps in various cities, with a primary focus on reaching out to those who are ill and lack access to proper health services. These initiatives aim to bridge the gap and ensure that essential healthcare reaches every segment of the population.

CALENDAR ACTIVITIES 2022

FLOOD RELIEF CAMPAIGN

SKZ accomplished a commendable feat by actively engaging in flood relief efforts from June to October. With thousands of homes destroyed or rendered uninhabitable, the organization swiftly mobilized resources to provide medical aid and food supplies.

Food Supplies:

SKZ ensured that affected families were safely looked after and the distribution of food was carried out in an efficient manner. Already assembled ration packs comprising of basic necessities were handed over to individuals and the families.

Medical Camps:

In addition to food, SKZ set up medical camps and mobile clinics, delivering primary healthcare services, vaccinations, and medicines to those in need. We provided hygiene kits, health sessions, food packs and stationery for kids. We prioritized the healthcare needs of the flood-affected communities. The NGO actively collaborated with medical professionals and volunteers to provide much-needed medical supplies and support.

Stationery for Kids:

SKZ, in addition to their ongoing efforts, also distributed stationery to the children affected by the flood. This initiative was undertaken with the aim of ensuring that the devastating flood does not hinder their pursuit of education. By providing them with necessary stationery supplies, SKZ aims to support these children in maintaining their access to education and empowering them to overcome the challenges caused by the flood.

CLEAN WATER PROJECT

In Cholistan, DG Khan, Rahim Yar Khan, Sukkur & Tharparkar

In May and June, 2022 SKZ delivered clean water and food packages to approximately 5000 vulnerable individuals across the regions of Cholistan, DG Khan, Rahim Yar Khan, Sukkur, and Tharparkar. This accomplishment marks a substantial step towards alleviating the suffering of those grappling with water scarcity and food insecurity in these areas. Leveraging their extensive network and resources, SKZ mobilized a dedicated team of volunteers, aid workers, and logistics experts to execute this mission effectively.

These water cans traversed the arid landscapes of Cholistan, DG Khan, Rahim Yar Khan, Sukkur, and Tharparkar, delivering clean and potable water directly to the doorsteps of communities in need. This initiative not only quenched the thirst of thousands but also helped mitigate the risks associated with waterborne diseases.

CLEAN WATER PROJECT

WINTER CLOTH DRIVE

In Sindh, Punjab, KPK & Gilgit Baltistan.

To combat the biting cold, the foundation distributed a wide range of warm clothing items to 100 people. These included jackets, sweaters, shawls, blankets, gloves, hats, and socks. Each item was carefully selected to provide maximum warmth and protection against the harsh winter conditions. This was our post flood campaign project.

The distribution process was conducted with great care and attention to ensure that the winter clothing reached those who needed it the most. We set up distribution centers in various locations across Mithi (Tharparkar), Rajanpur and Peshawar strategically located to cater to the needs of the local communities. Trained volunteers and aid workers were deployed to facilitate the smooth and efficient distribution of the winter clothing items.

The Winter Drive by the SKZ not only provided physical warmth but also instilled a sense of comfort and relief among the recipients. Many individuals and families who struggle to afford adequate winter clothing were able to stay warm and protected during the cold winter months, thanks to the efforts of SKZ.

WINTER CLOTH DRIVE

PLANTATION DRIVE

If you plant a tree, you plant a life

In Pakistan, according to the World Wildlife Fund (WWF), only 4.54 million hectares of land are currently covered by forests. Regrettably, the nation faces the second-highest deforestation rate in Asia, surpassed only by Afghanistan. This alarming statistic falls significantly below the recommended forest cover for a country of this scale.

Recognizing the urgent need for action, the SKZ Foundation has taken the initiative to alter this concerning narrative. Through various organized tree planting drives across different cities, the foundation aims to counteract the deforestation trend and contribute to the restoration of a healthier and more sustainable environment.

Through organized plantation drives, SKZ has encouraged the students of SKZ Model School to actively participate in this crucial initiative, imparting valuable lessons about planting trees for the environment. Recognizing the pivotal role that trees play in maintaining a balanced ecosystem, students are being informed about the crucial role of tree planting and how it significantly contributes to the well-being of the environment.

By instilling a sense of responsibility and knowledge about the vital role of plants, SKZ Foundation aims to contribute to a greener and healthier Pakistan.
